Rochester, MN 55901

Dear Mary and friends,

The Locks of Compassion project is a visual reminder of the values that we all share – understanding, friendship, love and hope. While at times it may seem like there is more that divides than unites us, your work around our state is a powerful reminder that when we open our hearts to those around us, when we approach our neighbors with kindness and when we lend a helping hand to someone in need, we are helping create a brighter future for our state, nation and world. And because of each of you, I am confident that our future is in great hands. Thank you for the work you are doing – each of you is a change-maker in your community and you should feel very proud. I wish you only continued success and can't wait to see what else you accomplish.

Sincerely,

Amy Klobuchar
United States Senator
