Catholic Charities of the Diocese of Winona-Rochester

Fiscal Year 2019 Program Service Accomplishments

Age Well at Home

Catholic Charities of Southern MN provided support services to Winona and Fillmore County residents 65 and older to safely sustain their independence in their own home, with the goal of reducing the need for long term care placement. Specifically, the Age Well at Home Program includes the following services: Transportation, Companionship/Respite, Chore Service, and Light Housekeeping. The program was supported by 27 community volunteers who provided the services and two staff members who served as a Community Resource Professional.

The Age Well at Home Program was made possible in part by funding provided by Minnesota Department of Human Services, Live Well at Home Grant administered by MN Board on Aging;
