

Locks of Compassion Project

Thank you for your gift!

How to Make a Lock of Compassion...

- Decorate your lock to express your compassion for others (words of peace, hope and/or pictures, etc)
NOTE: Please use **waterproof markers and materials** as locks will be on display outside in the elements
- Share on *Social Media*, as you (and others you wish to share the experience with) create your lock and of your completed lock...spread the message of compassion.

#locksofcompassion

- *Keep the Key*, it is your reminder of your act of compassion.
- Please return your **UNLOCKED** decorated lock (so that it can be hung on the display) either to the Catholic Charities Office (903 W Center St Suite 220, Rochester) or to your group leader.
