<b>Ongoing Contact:</b>	We will work with you to develop a plan for openness!	

### About Rick:

I grew up both in a small town and on an acreage which allowed me to have the best of both worlds. I have one older sister and I currently have one niece and two nephews. They have been so much fun to watch growing up. Both my parents have smaller families and we get together around the holidays and

for other family gatherings throughout the year. I currently hold a position as a Cab Fabricator at a company that I have been with for almost 10 years. I am excited to become a parent as I will be leaving my full time job to take on a different full time position - the care of our child. In my free time, I enjoy camping, woodworking, hunting, riding four-wheeler, and just taking walks in the country. My favorite thing I like to do is to go out to my workshop and build something for Jill and other family members.

**About Jill:**

I grew up with one older brother on a hobby farm just outside of a small community. Family is very important to me and today we still spend time together camping, cabining or just hanging out by a campfire in the summer. I have a large extended family and we get together for various vacations and holidays throughout the year. I currently hold a position of an Online Marketing Analyst at a company I have been employed with for two years. In my free time, I enjoy camping, campfires, gardening, baking, working out and spending time with Rick. My favorite thing to do after work is to come home and take a walk with him down our gravel road and talk about our day.

**About Us:**

We met and became best friends in 2005 and later that year we starting dating and have been together ever since. We married June, 2007, and since 2010 we have been living on a hobby farm and loving the country life. In the summer we like to go camping at the local parks, hanging out at Rick's family cabin and riding around the countryside in our UTV. We enjoy our week vacations with both of our families. The Fourth of July is spent with Rick's family at their cabin on a lake up North and a week in August is spent with Jill's family up North in a rental cabin on a lake.
